A lot of twist in the horns on this cow. The is confirmed bred to the 90" Tip to Tip Tuff And Ready. Tuff is a world class 90" Black and White bull. Looking at her pedigree you will find the foundation sires that helped bring the tip to tip and twist into the breed. You see Scorpion 86 with a ton of total horn, Trail Dust who was the longest horn bull in the breed for years and then you get to the Greatest of all, Hunts Command Respect that needs little
