Here is a yearling bull who is really hard to even put in the sale pen. He is a one that can go anywhere and win a futurity. He has everything going in his favor. He measured 33.5" tip to tip at 11 months of age putting him on track to be like his sire, a 90" + sire. He will be a 90" bull one day that will offer not only the great brindle color but also a stunning muscular body that you don't find very often. His sire is the great 90" ttt black and white Tuff And
